

FOOD PANTRY / EMERGENCY FOOD ASSISTANCE SMALL GRANT PROGRAM

REQUEST FOR PROPOSAL

1. OVERVIEW

The Copper Shores Community Health Foundation's (CSCHF) mission is to positively influence a healthful community through enhanced philanthropy and collaboration

CSCHF recognizes that many of our community pantries and emergency food assistance programs have been challenged by increased utilization. Food pantries serve as an important access point for people experiencing food insecurity.

The intention of these grants is to support the immediate funding needs of area food pantries or emergency food assistance programs that have seen an increased surge in demand for food and other resources. This grant can be used to purchase food, personal hygiene products, cleaning supplies and other necessary daily living supplies. This grant is not intended to be used for organization or client rent and utility payments.

It is recognized that grants large and small can play a significant role in our community's ability to meet the needs of the community. Often times the need for funding support is minimal and may not necessitate the complexity of application of larger grant requests. This call for proposal is designed to offer smaller levels of funding support to meet the needs of our community that focus on health-related events, activities, or needs.

All food pantry / emergency food assistance grant requests must align with the Copper Shores Community Health Foundation's mission.
